

Partnering together for Workforce Business Solutions

ABOUT US

TLX is a full-service workforce business solution provider. We will find the talent/skill you are looking for and provide the initial screening including background and drug tests. At TLX we offer a 90-day warranty on any of our security hires. If some does not work out with the 90 days, we will find a replacement at no additional charge. We also offer several payment options to meet your budget needs.

SECURITY

TLX Security will meet your traditional staffing need for Executive/C level, Engineering, Project Management, and Sales Executive positions. With Bob Keck and Mark Nazarenus, we bring more the 70 years of experience in the security space. We will seek to understand your culture and your specific needs and then find you the perfect fit for you organization. We have several finance options to meet you budget needs.

Security ForceX (SFX) is our partner company that is standing up a team of 200-250 highly trained install/service technicians that are ready to augment your field service team for Video, Access Control, and Intrusion. We all need sub-contractors to balance the ups and downs of workflow in our business, and with SFX you know that you are getting a trained professional interviewed by Mark Nazarenus with complete tools and a focus on serving you and your customers. Whether a 1-week or 2-month project, the SFX team will be a proactive team member for your organization.

Contact Mark at mark.nazarenus@tlxcorp.com to discuss your current needs.
